F. Duralux™ Armboard

CAT# AS-4501

NEW Duralux™ operating surface
Standard 26" length
Rotates 180°; 21 locking increments
Easy to attach to all North American surgical tables
Board and pad combination available
Pressure Management and standard pads available in 1", 2", 3", or 4"
(See pg 7)

G. Quick Release Armboard

CAT# AS-4950

100% Radiolucent Carbon Fiber
6" x 26" X-ray translucent surface
Quick release mounting device
Non-locking swivel gear allows for quick and easy 180° positioning
Comes w/ 2" Pressure Management pad
Mounts to any N. American surgical table siderail

H. Wide Armboard

CAT# AS-4110

11" x 26" phenolic operating surface
Easy one-finger positioning, in 21 locking increments
Wide surface provides for ultimate patient comfort
Comes w/ 2" Pressure Management pad
Mounts to any N. American surgical table siderail

I. Clamping Armboard

CAT# AS-4051

Allows for secure positioning on siderail during procedures requiring the table back to be raised w/ a spring loaded rail-lock clamping mechanism
6" x 26" Phenolic operating surface
Rotates 180°; 21 locking increments
Pads available in 1", 2", 3", or 4"
(See pg 7)

J. Pediatric Armboard

CAT# AS-1200

6" x 20" Phenolic operating surface
Provides close efficient access for staff when working with small patients
Comes with 2" thick pad
Rotates 180°; 21 locking increments
Effortlessly mounts to siderail of any N. American surgical table

Arm & Hand Supports

HT-1600
(Shown with Pad)

Arm & Hand Tables

A. DURACLEAR™ Operating Surface

Provides excellent X-ray clarity and C-Arm visualization
3 sizes available (see below)
Supplied with 1" standard pad
Requires 2 clark sockets or round bar clamps for mounting to siderails of all North American surgical tables

CAT# HT-1200 [not shown]

12"x30" Duraclear™ Table w/ Pad

CAT# HT-1600

Surgical Accessories

Leg Holders & Support

Need replacement legholder boot pads...? see page 10

A. Altima Leg Positioning System

CAT# ALS-6200

Solid stainless steel adjustable extension bar provides ultimate positioning possibilities
Altima boot clamps are designed for full range adjusting and multi-positioning requirements
Super-clamps or Clamp-Tite™ clark sockets recommended for mounting legholders to surgical table (sold separately)
Replacement pads & straps available
Gel boot pads available

Complete System Includes:

- 1 pair of Altima Legholders
- 1 set of Restraint straps
- 1 set of Pressure Management pads

Reusable Gel Pads (Pair)

CAT# ALS-6050

Disposable Foam Pads (10 Pairs per Case)

CAT# ALS-6070

Pressure Management Pads With 4-Way Stretch Vinyl (pair)

CAT# ALS-6020

Replacement Straps for Altima Velcro, 6 per set

CAT# ALS-6090

Pressure Mgmt Pads Clam Shell Style (pair)

CAT# ALS-6030

B. Universal Well-Leg Support

CAT# ALS-6610

Solid stainless steel adjustable extension bar
Boot clamp is designed for full-range positioning
Ideal for positioning patients of any height
Requires one Super clamp or Clamp-Tite™ clark socket for mounting to surgical table (sold separately)

Includes:

- 1 Well Leg Support
- 1 set of Restraint straps
- 1 Pressure management pad

C. Legholder / Accessory Cart

CAT# LS-1100

Solid stainless steel Accessory Cart
Ideal for storage of your legholder system and other O.R. accessories
Casters allow for easy mobility

LS-1100 shown w/ legholders

D. Lift Assist Leg Positioning System

CAT# LS-3500

Pneumatic lift assist
120° degree rotation
Handle controlled abduction and adduction
Mimics natural hip motion
Twist handle to position leg
500 lbs. weight capacity
Gel boot pads available

System Includes:

- 1- Set of Pneumatic lift assist leg holders
- 1-Set of Pressure management boot pads
- 1- Set of siderail clamps

E. Knee Crutch Supports

CAT# LS-1700

Height adjustable; 360° full rotation
Stainless steel support bars
Includes pressure management pads and restraint straps
Attaches to surgical table using Super Clamps or Clamp-tite clark sockets (sold separately)

F. Arthroscopic Stress Post

CAT# LS-9050-12 - 12" Height Adj.

CAT# LS-9050-18 - 18" Height Adj.

Provides a fulcrum to leverage the leg to gain better access to the knee
5/8" dia. height adjustable post
4" x 6" pad included
Stainless steel plate & support bar
Available in 12" or 18" post height
Securely attaches to any O.R. Table using a Clamp-Tite™ clark socket

Sold in pairs

Lithotomy Legholder Gel Ankle Straps

CAT# GP-3350

Viscoelastic Straps for Lithotomy legholders
Comfortable support
Sold in pairs

B. Arthroscopic Leg Holder Unit

CAT# LS-1400

Accommodates all patients
Adjusts medially and laterally to apply desired pressure
Dual hinged positioning clamp
Spring loaded adjusting lever
Siderail clamp included
Includes pad

Replacement Arthro Pads

CAT# LS-1420

2-ply, foam, shaped pad
10 pads per case

C. Drainage Bag System

CAT# DB-1000

Flexible, latex free drape support frame
Integral tissue retention filter with flexible hose
Sterile & Non-sterile bags available
Compatible with all suction systems
Efficient fluid containment for hysteroscopy or cysto procedures
Fits any North American surgical tables
Integral rail clamps included
(Replacement Drainage Bags - see pg 21)

DB-1000

D. Pickett Fence Leg Prep Unit

CAT# LS-4200

Easy positioning; Easy to clean
Efficiently preps both legs at once
Stainless steel support bar- 5/8" dia.
Height adjustable up to 30"
Attaches to surgical table using a Clamp-Tite clark socket or Super clamp (sold separately)

E. Uni-Prepper Leg Prep Unit

CAT# LS-4800

Most versatile leg prepper available
Infinite positioning possibilities
Requires a Clamp-Tite clark socket or Super clamp for mounting (sold separately)
Leg cradle measures 8"W x 5"H x 3 1/2"D
Adjustable height of 12" - 27"
Stainless steel construction
Fits all surgical tables
Pressure management pad included

Replacement Uni-Prepper Pad

CAT# LS-4801-1

Memory foam with 4-way stretch fusion vinyl pad

F. Bariatric Uni-Prepper Leg Prep Unit

CAT# LS-4850

C. Roller Board Wall Mount

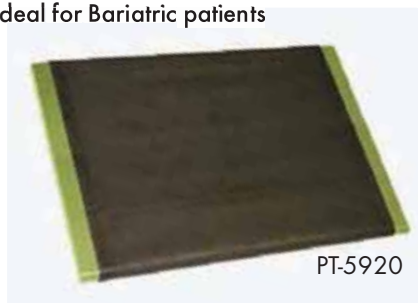

CAT# PT-5800

Store roller boards on the wall
Durable stainless steel mounting brackets keep transfer devices up off the floor
Instructions for mounting, placement, and hardware are included

D. Bariatric Roller Board Transfer Device

CAT# PT-5920

20" wide x 31" long
Heavy duty construction
Ideal for Bariatric patients

E. Transfer Stretcher

Versatile transfer stretcher, provides ultimate patient comfort
Smooth and easy transferring of patients
Dual lift cylinders with easy trendelenburg adjustment.
14"H stainless steel collapsible siderails.
Height adjustable 23" to 36"
Includes removable 26" double hook IV Pole
Includes 4" standard mattress
Available in additional patient widths

CAT# PTS-8000

Transfer stretcher 26" x 77" surface

CAT# PTS-8200

Transfer stretcher 29" x 77" surface

CAT# PTS-8300

Transfer stretcher 31" x 77" surface

F. Eye Transfer Stretcher

Dual articulating head attachment
Headrest articulation, fowler assist and knee gatch
8" locking casters w/ foot end brake
steer pedals
Sturdy dual pedestal hydraulic lift mechanism
Easy hands free access for Trendelenburg/Reverse Trendelenburg and lift features
Fold forward side rails with built in push handles
I.V. pole sockets on all corners
O2 storage underneath
Includes 4" standard mattress
2 hook removable telescopic I.V. pole included

CAT# PTS-8500

Eye transfer stretcher 26" x 77" surface with articulating headrest

CAT# PTS-8600

Eye transfer stretcher 29" x 77" surface with articulating headrest

CAT# PTS-8700

Eye transfer stretcher 31" x 77" surface with articulating headrest

G. Pediatric Stretcher/Crib

Full-function Stretcher that doubles as a Crib
Perfect for any facility
Childproof with one-handed operation siderails
Counter balanced 2" bar spacing
Quick operation of Fowler, Trendelenburg, and Reverse Trendelenburg positioning
Includes staph-chek 4" covered mattress.
Call for choice of many optional features.

CAT# PTS-5000

Pediatric Stretcher/Crib 30" wide x 60" long
(Replacement crib mattress CM-0500)
